

Jack Levergood never appeared in any of our productions, so we do not have a photo of him on stage or back stage. However, Jack was a major supporter and, while he was able, he helped to create our sets. He always came to watch Annie perform, and even after Annie could no longer appear on stage, he helped her to attend all of our productions. They always sat in the front row so Annie could see and Jack could hear.

Jack was a wonderful, gentle, caring man and we will miss his smiling face at our shows.
