

Betty Sherwood was not the kind of person who would appear on stage, but she was always there to help. She lived right next door to the theater and became something of a guardian angel for the building, calling to let us know when there was any kind of problem. She was also there to help with so many productions in so many different capacities, including serving on the board of directors. But most of all, Betty was our friend - always there to listen to problems and crack a joke.

We don't have many photos of Betty, because for 25 years she was a "behind the scenes" type of Village Player, but we have photos of her in our minds, guarding props, managing the house, cleaning, selling tickets, ushering, and doing any one of the myriad chores required to put on a production. She participated in at least 45 productions and that doesn't include the ones in which she was an usher or did some small task that did not get mentioned in the program. We will miss her forever.

2011	Assistant House Mgr.	<i>The Diary of Anne Frank</i>
