

MONTY PYTHON'S SPAMALOT™

A new musical *lovingly* ripped off from the motion picture
MONTY PYTHON and the Holy Grail

MONTY PYTHON'S

SPAMALOT

Director's Note

As Mickey Rooney said to Judy Garland in so many old movies "Hey! Let's put on a show!" If it were only that easy. First step to putting on a show; Sit around a bonfire with "good friends" and a few beers. Step two; Drink until you are foolish enough to mention that you'd really like to direct a production of Spamalot. Step three; have your "good friends" not try to talk you out of it. Step four; Wake up the next morning thinking.... What the hell did I get myself into? What I got into was an all consuming three months of hard work and lots of fun. "Good friends" become "great friends." Friends and strangers create an amazing ensemble. Strips of fabric and chicken wire become French Knights. Sheets of styrofoam are transformed into castles. Notes on a sheet of paper become harmonies and a bunch of left feet become, well, a bunch of left feet, but they move together in some awesome production numbers. How can you help to make the show great? Sit back and enjoy the ride. Laughter and applause is always welcomed. If you choose not to..... I know about 60 people who will be more than willing to "fart in your general direction!"
